

32" Monitor Full IP65

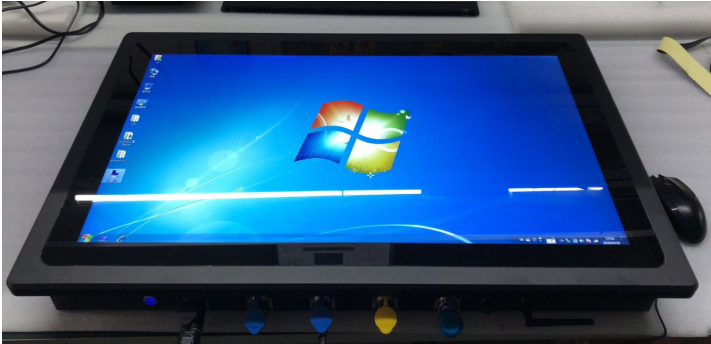

Image picture

PRODUCT PERFORMANCE

- Supports Win7/8/10, Linux (32Bit, 64Bit)
- Working temperature: -20°C ~ +70°C
- IP65 Grade standard water-proof,dust-proof for front panel
- 365 days*24hours working for all-weather
- 10mm enhanced display panel, stronger impact resistance
- Support embedded, Wall-mounted, Rack-mounted,
- Desktop, Cantilever support
- 1 Year guarantee

Anti - magnetic interference

waterproof and dustproof

shock-proof

Anti-corrosion

Anti-Glare

Resistant to high and low temperature

Product Name	32" Monitor Full IP65
EAN No.	G32MIP65

LCD Panel	Screen Size	32inch
	Screen Type	TFT-LCD
	Manufacturer	AUO
	Industrial grade	A
	Pixel Number	1920x1080
	Aspect ratio	16:9
	Contrast	3000:1
	Lifetime (hours)	≥50000H
	Colours displayed	16.7M
	Display Type	IPS
	Visual Angle horizontal/vertical (°)	L/R: 178° U/D: 178°)
	Brightness	1000nits
	Refresh Rate	60Hz
	Response	7ms
	Color gamut	≥70%
	Backlight	LED

Touch Panel	Touch Technology	Non-Touch
	Touch structure	No
	Touch Life (Contacts)	No
	Surface Hardness	6H
	Touch protocol	No

Operation / Mechanical	Front case material	Aluminum alloy material
	Rear case material	Stainless steel
	Surface Treatment	Oxidation or powder injection
	IP Grade	Full IP65
	Colour	Black
	System language	Multi-language
	Input voltage	AC100-240V
	Power consumption	≤70W
	Installation mode	VESA(Wall Mount)、Embedded、Lock etc
	Operating temperature	-20~70℃
Humidity Range (RH)	10~90%	
Product size	829*500*80mm	

External Connectors	
	1x HDMI (IP67 Grade Connector)
	1x VGA Connector(IP67 Grade Connector)
	1x Power Connector(IP67 Grade Connector)

Accessories in Package	
	Power Cable
	Bayonet screw
	Fixed iron sheet

Warranty	
	1 Year
